### **Shiner Catholic School has 4 more COVID-19 cases**

SHINER – Neely Yackel, principal of Shiner Catholic School, reported Thursday that the school had four new cases of COVID-19, one day after having its first case reported since the beginning of school.

Among those testing positive were one student in junior high, two students in high school, and a staff member who has had contact throughout the school.

“We are following all CDC safety and cleaning guidelines and will continue to follow those protocols daily,” Yackel stated in an e-mail report. “We need everyone’s help. Please do your part by monitoring your children daily. If they feel sick, please keep them at home. Let’s work together to contain the spread.”

The school canceled its St. Paul vs. Sacred Heart volleyball game Thursday evening and will reschedule.

“Let’s continue to join together to pray for all of those who are affected by this virus,” Yackel stated.
